

PACKAGE OVERVIEW

Save the Date

This package is designed for those who are excited about planning on their own, but need someone to come in closer to the date and take the reins.

With this package, we're available throughout the process for questions, recommendations, and advice, but we really get the most involved about 30-45 days prior. We will schedule a very extensive meeting about 4-6 weeks out from your wedding to go over all your details.

From this point forward, we will step in as your liaison between you and your vendors to confirm every detail and make sure everyone is on the same page and has all the information needed. This will prevent any possible miscommunication and also catch anything that might have been missed or forgotten.

On the day-of the wedding, we will be with you every step of the way to make sure everything goes according to plan and most importantly to allow you, your fiance and your loved ones to enjoy a fun and stress-free day.
